

Madison Township Aggregation Bulletin

(This is NOT an opt out notice. No action required.)

Residents and Businesses of Madison Township,

You have received this letter because our records indicate you are currently (at the outset) not an “eligible customer” to participate in the township aggregation program. Most likely, you were/are receiving generation from another supplier. As a courtesy to those of you who are not initially eligible we are providing this letter to notify you of the aggregation program terms and conditions and that you can join at any time. This letter provides you with the appropriate contacts should you have questions or would like to join either of the township aggregation programs.

Electric Aggregation Program

Madison Township is providing you with the opportunity to join with other residents and businesses to receive preferred rates on the electric you use. The program is possible through a concept called governmental aggregation, where Township officials bring together citizens to gain group-buying power for the purchase of electric from a retail supplier certified by the Public Utilities Commission of Ohio. Township voters approved this program in November 2016.

Under this arrangement, Energy Harbor has been selected as the Township’s preferred electricity provider. Please note Energy Harbor is the supplier for generation charges and Duke Energy or Dayton Power and Light are the local utility for all other charges.

Residents served by the Duke Energy Ohio utility:

Through your Township Electric Aggregation Program eligible **residents** will begin receiving a rate of \$0.0459 cents per kWh with the July 2020 billing cycle (depending on your meter-read date) through July 2023. There is no cost for the enrollment, and you will not be charged a switching fee.

Budget billing of the entire bill is available to anyone who prefers budget certainty. As with the utility you will still be required to request budget billing directly from the supplier. You must call the utility and supplier separately to budget their charges.

Eligible **businesses** in Madison Township, starting with the July 2020 billing cycle (depending on your meter-read date) will pay \$0.0459 cents per kWh through July 2023. There is no cost for the enrollment and you will not be charged a switching fee.

For billing, reporting an electric outage, or to have budget billing for the Duke Energy portion of the bill please call Duke Energy directly at 1-800-544-6900.

Madison Township Aggregation Bulletin

(This is NOT an opt out notice. No action required.)

Residents served by the Dayton Power & Light utility:

Through your Township Electric Aggregation Program eligible **residents** will begin receiving a rate of \$0.0459 cents per kWh with the July 2020 billing cycle (depending on your meter-read date) through July 2023. There is no cost for the enrollment, and you will not be charged a switching fee.

Budget billing of the entire bill is available to anyone who prefers budget certainty. As with the utility you will still be required to request budget billing directly from the supplier. You must call the utility and supplier separately to budget their charges.

Eligible **businesses** in Madison Township, starting with the July 2020 billing cycle (depending on your meter-read date) will pay \$0.0459 cents per kWh through July 2023. There is no cost for the enrollment and you will not be charged a switching fee.

For billing, reporting an electric outage, or to have budget billing for the Dayton Power & Light (DP&L) portion of the bill please call Dayton Power & Light at 1-800-433-8500.

To join the aggregation program or to set up budget billing of the supplier portion of the bill you can reach Energy Harbor by phone at 1-866-636-3749, weekdays, from 8:00 a.m. to 5:00 p.m.

Questions regarding the aggregation program, how to join the program or any questions regarding your specific existing energy services can be directed toward the Townships consultant Scott Belcastro of Trebel, LLC at 1-877-861-2772.
